HOUSE ON SOMEONE ELSE'S LOT

The home of Tom Cunningham, on Lawrence Street, it has been discovered, is half-way on the next adjoining lot.

The Wilmington Planning Board was apprised of the fact Tuesday night, when builder William Butt brought in proposed plans to straighten out Cunningham's difficulty.

Butt wants to transfer the lines on the adjacent and the second lots, so as to have legal lots and still allow Cunningham to keep his house with out having to move it.

The Planning Board listened sympathetically, and agreed that Butt's proposal was one that they could approve.

WINNER OF 6 STATE & REGIONAL AWARDS

THE CHALLENGE OF 1962

It would seem to this paper that the Chal-
lenge of 1962 is beyond the ability of our
Selectmen to recognize, and that the answer
will have to come from our people instead.

Our Selectmen are engaged in a "Let's not
fight" school of thought. They have lost the
spirit of former years, the spirit that was ex-
emplified by Francis J. Hagerty's pounding of
the table without fear or favor.

Today it is a case of "Let's all present a
United Front, and get home early from the Se-
lectmen's meeting!"

Lies, half truths, violations of law by town
officials, making money in manners not approved
by many Codes of Ethics - these are the facts
that our Selectmen refuse to recognize.

In each and every case, this paper believes,
the facts are known either to Selectmen or to
officials who report directly to Selectmen.

But with one Selectman lying in Town Meeting
and another involved in a deliberate thumbing-
of-nose against the Zoning Laws -

What can one expect?

SPEED SKATING

Just as a matter of mental arithmetic, we
divided the distance by the time, when we heard
of Jeff Williamson's feat, last Sunday, in set-
ting a new record for Intermediate Boys at
Pittsfield.

Jeff skated two miles in 6 minutes 26.0 se-
conds. That's 18.7 miles an hour!

WATER DOWSING

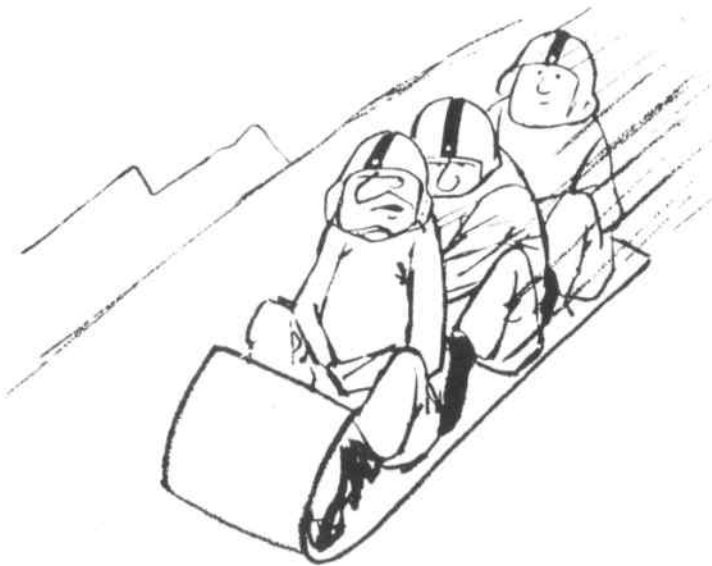

Those who scoff at the noble art of Water
Dowsing should go up on Andover Street at this
time of the year, and see the foot or so of ice
that covers the street, just before one arrives
at the Andover Town Line.

That ice, very dangerous to the motorist, is
proof that Water Dowsing, accult as it may be,
is a fact.

Eddie Ferguson, who lives nearby, predicted
that water which flows across the street and
endangers motorists.

Eddie, with an apple tree branch, used to
amuse his friends by dowsing near his home. He
found a vein of water. He showed his friends
how it could be done. There was no doubt about
it - the apple branch twisted in the hands of
Eddie and many of his friends.

A new home was built, four or five years ago
near that vein of water that Eddie found. Later

Stop stewing! I promise I took out a health

LWV MEMBERS TO ATTEND SCHOOL

Five members of the Wilming-

will be among those attending
the fortieth annual School of

Mrs Theodore McKie, Mrs Phil-

Mrs Paul Bodenstein and the
president, Mrs Henry Sullivan
will attend from Wilmington.

This year's discussion is en-
titled "The Many Faces of De-

been chosen for their special
knowledge of the political
problems which face the devel-
oping countries.

Among the speakers are: Dr

PUBLIC HEARING ON STREET BETTERMENTS

Wilmington Town Hall was
crowded, Tuesday night, as the
Board of Selectmen held public
hearings on four streets pro-
posed to be accepted under the
Betterment Acts, in the 1962
Town Meeting. Among those pre-
sent, making a rare evening
appearance in the Town Hall
was TM Cecil Lancaster.

Hearings were held practi-
cally simultaneously on Hamlin
Lane, Pleasant Street, Part-
mouth Ave and River Street.

In the case of Pleasant
Street the abutters were told
the cost would be \$7.52 a li-
near foot. The abutters voted
7 to 5 in favor of the Bet-
terment Act.

The plan for Partmouth Ave
had a "turnaround" at the end,
on land owned by John Allen of
Woburn Street. Abutters ob-
jected, and said they would
not need the turnaround.

The Wilmington Planning
Board, in viewing the plan
later, stated that they would
not sign the plan unless the
turn-around was a part of the
plan.

LETTER

Walker & Main Sts.
Jan 18, 1962

Dear LARZ:

As a taxpayer and resident of
Wilmington I feel qualified to
demand your prompt denial and
squashing of the rude allega-
tions in the Skantz Publica-
tions concerning your integri-
ty. How can anyone pilfer
something that has put on dis-
play for the public to take
leave alone?

I get my "Crusader" every
week at an adjacent store as a
courtesy, and in the mail,
whether I want it or not.

Secondly:

The Town has repeatedly pre-
mised to remedy the water
drainage situation on Walker
Street, both verbally and in
publication, the last instance
being in the preceding years
activities of the Highway De-
partment, promised to be com-
pleted before the end of the
year.

After unloading a truckload
of drain pipe, brick and other
materials one day in December
they then returned two days
later and removed the material
- no work done - just taxpay-
ers monies wasted.

Please aid me in finding why
help can't be given to the
water logged residents of Wal-
ker Street, who are ignored by
the proper town authorities,
with the exception of the tax
department!

Sincerely yours

John F. Crossman

PS Keep up the Good Fight!

Several of those labeled in
that publication have stated
that they should sue, except
that the costs would probably
be \$500, and the award \$1.

Just put that noise down as
that of a bluejay screaming in
the tree tops.

Skantz, the man who is now
the latest owner (?), has ag-
reed that he should pay for
the use of the newsstand in
question, and further that his
rag should be nowhere but on
the bottom shelf.

He question the ownership be-
cause the last reported asking
price was \$30,000.

On your Walker Street problem
- It is too bad you didn't men-
tion it earlier, and we could
have had a story about it.

Every time the Town Crier has
a story about these bumpy
along projects, by sheer co-
incidence work starts next
morning.

WHITEFIELD PTA MEETS MONDAY

The Whitefield Parent Tea-
chers Association will have an
Open House at the Whitefield
School, Monday evening from 7
to 8 pm.

After a short business meet-
ing a talk entitled "Health
and Dental Health in our
Schools" is to be given by Mrs
Hovey, Dental Hygienist and Mrs
Martin, School Nurse.

Plans for the coming Don Kent
program at the Wilmington High
School are to be discussed.
His topic "This Crazy Mixed Up
Weather" should prove of in-
terest to all. Tickets will be
on sale at the meeting.

The Whitefield PTA is pleased
to announce that Wilmington
has been chosen for the Site
of the District Four Confer-
ence of PTAs, to be held in
May.

FRANKLIN HAS RESIGNED FROM ANDOVER URBAN RENEWAL

James A. Franklin, former
director of Urban Renewal in
Wilmington, submitted his re-
signation to Andover officials
last week, as Director of Ur-
ban Renewal in Andover.

Mr. Franklin took the Andover
position shortly after the
Wilmington project was dis-
continued. His resignation, it
is understood, was for busi-
ness reasons.

APPEAL BOARD APPROVES LOTS ON KENDALL STREET

The Wilmington Board of Ap-
peals has approved making one
lot of land, on Kendall St.,
into two lots.

Owned by Frank J. McGivern,
274 Main Street Reading, the
board heard his appeal on Nov.
28th. The lots in question had
sufficient area, but insuf-
ficient frontage.

Out Standing Reporting
(fr-Fr Pg)

It was the Town Crier's report on the Special Town Meeting of September 12, 1960 which drew the praise of the jury, composed of the Niemen Fellows of Harvard, the faculty of the School of Journalism of Boston University and Professor Brooks W Hamilton of the University of Maine Dept. of Journalism.

It was the word for word account of the events, in which a Selectman of Wilmington lied to the Town Meeting that drew the attention of the jury.

The story had been submitted by the Town Crier, in routine fashion, for a best News Story Award.

The Jury made a special classification, after studying the story, and called it 'Out-standing Reporting'.

Henry Josten, publisher of the New Era, of Deep River Connecticut, and President of NEWPA, in presenting the award to Capt. Neilson stated 'I would rather have won this than the award for General Excellence'.

Dr. Edwin Hullinger of Boston University, speaking for the judges, stated 'There was no doubt but that the Selectman was lying'.

Other Local Awards

The Winchester Star was awarded the Community Service Award for its outstanding services to Winchester in the School Building controversy of last year, and the Lexington Minute Man received a similar award for its role in making the American community better understood by many United Nations dignitaries.

The Franklin NH Journal-Transcript won its third Community Service Award, which now puts it one up, on the Town Crier.

A General Excellence Award was given to the Reading Chronicle, which was also given the Best Editorial Page for its class (4 to 5000 circulation) and two advertising awards.

PROPOSE 21 ACRE DEVELOPMENT

A proposal for a 21 acre real estate development, off Shaw-sheen Avenue, was made to the Wilmington Planning Board Tuesday night, by the Jackson Bros. Inc of Wilmington.

The main street of the development would be called Jackson Avenue, and would be opposite to Wilton Drive.

The plans for the development are still in the preliminary stages of discussion.

GOOD DEED FOR THE DAY

A Wilmington youngster, Tuesday noon, was instrumental in saving the life of an unknown five year old girl, in Boston.

The youth, 16 year old John Hersom of Burlington Avenue, was in the Park Street station of the MTA when he noticed the girl darting in front of a train.

He reached out and grabbed the girl just in time to prevent her from being struck by the moving cars. She disappeared in the crowd before any one could get her name.

ARGENTINE TEACHER IN WILMINGTON

Senorita Theresa Daviou, a public school teacher of Santiago del Estero, Argentina, arrived in Wilmington yesterday afternoon, and almost immediately was the guest of honor at a tea, tendered by the Wilmington public school teachers.

Wilmington is the next to the last stop in a six month tour of American schools, for Miss Daviou. She came here from the mid-west, and will spend two weeks in Wilmington, to learn about a typical small New England community.

Miss Daviou is the guest of the United States Department of State, and the Department

of Education of the Commonwealth of Massachusetts. She was accompanied to Wilmington by the State Supervisor of Secondary Education, Frank E. Hill Jr.

In addition to the teachers Miss Daviou was greeted by Selectman Mrs Wavie Drew, John Hartnett of the School Committee, and Mrs Mary Denault, Secretary to the Town Manager. Miss Daviou will visit all the Wilmington schools in the next two weeks, and will do some teaching.

She will also be a guest of the Board of Selectmen at their next meeting, and of the School Committee at their

HERALD OPENS SALES OFFICE IN WILMINGTON

In what might be the beginning of a newspaper war in Wilmington, the Boston Herald and Boston Traveler have opened an office in Wilmington square for the distribution and sale of the two papers. The office is in charge of Frank Crockett, a Boston Herald employee, and is called The Silver Lake News Company.

The Herald and Traveler were formerly wholesaled in Wilmington through the Valley News Company Inc. of North Wilmington, which company also handled the Boston Globe, and the Boston American - Record.

At the insistence of the Globe the Valley News Company has dropped its Herald - Traveler accounts.

TOWN CRIER STORY BRINGS CROWD TO SELECTMEN'S MEETING

A two-line item, in the Town Crier, two weeks ago, brought a crowd of 25 people from the Suncrest Avenue area to the Selectmen's meeting, Monday evening.

The Town Crier reported that Mrs Jeanne Gifford of the Wilmington Planning Board would talk with the Selectmen concerning a plan to connect Woodland Drive and Ledgewood Road. The two streets nearly meet, with less than 200 square feet between them.

The Chief of Police, the Chief of the Fire Department and the Highway Superintendent have told the Planning Board that it would be advantageous to connect the two streets.

Mrs Gifford had to wait because of other business of the Selectmen, and most of the visitors arrived during the waiting period.

She asked for a private session to discuss the Planning Board views with the Selectmen and was given exactly 10 minutes, after which the meeting was moved into the main part of the town hall, and the visitors voiced their objections. There were 25, and they made it clear to the Selectmen that they wanted no part of the business.

One lady stated that the Highway Department was plowing the streets too good, as things

stood at present, and her children were unable to use their sleds on the streets.

Selectman Black wondered about the expense of taking the 200 square feet of eminent domain, and was told that it would be small, and that the developer of Woodland Road would pay for the connection. The Selectmen voted three to one against the idea, with only Selectman De Felice in favor.

Excerpts from the Outstanding Reporting issue of the Town Crier

URBAN RENEWAL GAGGED ROLLED BLANKETED AND BURIED

In a series of hawklike moves Selectman Donald C. Kidder and former Chairman of the Planning Board, Mr. Gillis, blanketed and buried the project.

Kidder seized the initiative in the very early moments of consideration of Urban Renewal (Article 4) by moving that Article 5 be considered 'at this time'. Kidder's argument was that this article would be the test of the meeting, as it was the one that called for a two-thirds vote.

Kidder seized control from William Agreeable Smith, Chairman of the Wilmington Housing Authority, and Kidder never relinquished control until the prospects of Urban Renewal were buried.

In a rapid nervous speech from a prepared manuscript Kidder hatched the project from beginning to end. Lynch then moved to a previous

Many people were unable to hear Smith, and in the middle of his speech he was interrupted by Lynch, on a point of order. Lynch stated that Smith had exceeded the ten minutes allowed by the

flowed Smith end of ten t him off be the first a moderator off the principal maker of a motion, in debate on the Town Hall floor.

Lynch also tried to shut off Selectman John Brooks, when that gentleman finally got the floor, under Article 4, which was discussed briefly after Article 5 had been killed.

Many of the voters present were relatives, by birth or by marriage, to some of the owners in the Urban Renewal

THE SPEECH OF SELECTMAN DONALD C. KIDDER IN THE SPECIAL TOWN MEETING

I think that all we came for tonight is to break ice and get into a discussion on this. I didn't quite expect it to happen this way. I guess I can throw a little light, and I think that's what you're looking for, isn't it?

As one of your elected representatives on the Board of Selectmen I believe that I owe you the voters a report of my personal observations on the subject we are here to discuss this evening.

I would like to apologize for reading this, but I feel that the subject must not be taken lightly, and a great deal of time and effort, in countless meetings, thoughts of most everyone concerned, by this problem, plus a trip to New York I summarize here. It will take me only a matter of seven minutes to finish this and I believe that the information, some of which has never been made public before, will be necessary for you to cast your vote on this important decision.

I am, according to a front page story in the Town Crier, on Sept. 15th., the Selectman that Mr. Gillis of the Planning Board referred to as 'damning this all over the place at the last Town meeting last spring'.

That was not my intention, then, nor is it tonight, but I can assure you that as long as I am your elected representative I will not sit down and let an issue of this importance to the Town go by without seeing that you have all the facts.

I was brought up to believe that there are two sides of every argument and that is exactly what you are going to get.

Four years ago, the Housing Authority spent \$71,000 in bringing you this report. I haven't heard it yet.

We have held at a minimum any improvement of the area. Would you not know as well as the town to rebuild, remodel, or improve your property so that at the present time we are far behind in what could and would have been accomplished, had we not been bouncing the ball.

We have one exception to this when, in the middle of this project Stop & Shop purchased the Miller property and de-

sired to build a modern supermarket for their use, and adjoining stores to compliment their main unit.

They met with the Wilmington Housing Authority and also our board a number of times.

One of these occasions the action of a member of the Housing Authority in a threatening, sweeping rage, necessitated our board apologizing for his actions.

Competition being what it is today they wanted to build at once. They were willing to do anything within their power to co-operate but ----- once with their desire.

Sidney Raab, one of their finest consultants left the meeting with me and stated that if they could receive a green light they were sure that they could get together with the Middlesex National Bank, the Mechanics Savings and Weinberg's Department Store and buy the necessary frontage on Main Street and we would have had a larger segment of a revitalized square at no cost to the Town at all.

That this we have lost is a matter of record. Stop & Shop gave up in disgust, and the land has been sold.

This is where the Wilmington Housing Authority really struck out in the ball game.

Sidney Raab spoke at length at one of these meetings as to the survey that he had made.

Covering this area for miles, he had determined what this town needed now, and could support in the foreseeable future, that it would be a worthwhile investment for his company.

The report on his findings unnecessary. We have a complete report at the three banks.

They have held up on for months, with enlarged and better facilities to serve the public. Let's hope the Wilmington Drug Store will add the second floor to their building, that plans have been drawn up for. Let's give Pickering the go-ahead signal, as he already has the permit, to tear down his building and put up three stores.

How can it be done? By a combined effort of all those concerned improving their place of business, with the aid and help of every board and department in the town government.

Special meetings will be called the day after you people vote No, and we play ball the American way.

MR KIDDER'S RED HERRING

A Red Herring is something that is used to confuse the opponents. The phrase comes from the days of bloodhounds trailing escaped prisoners across the moors of old England. The prisoners, if they could get a piece of fish, would drag it across their own trail. Reportedly this use of the fish would destroy the dog's sense of smell.

The best example we ever saw of a Red Herring was that used by Selectman Donald C. Kidder, in Monday night's Special Town Meeting.

Make no mistake about it. It was a masterpiece. Mr. Kidder caught the Wilmington Housing Authority with their collective feet in their collective mouths.

Mr. Kidder reported at some length on the threatening sweeping rage of a member of the Housing Authority, and went on to say that he left the meeting with Sidney Raab "one of their finest consultants". The inference is that Mr. Raab was the man insulted.

Mr. Raab happens to be, not a consultant, but the President of Stop & Shop. He never attended any joint meeting of the Selectmen and Housing Authority, and as far as we know, has never been in Wilmington.

We don't know if Mr. Kidder might possibly know Mr. Raab, but we do know that no member of the WHA has had that pleasure, and further that he has never talked with, let alone been insulted by any member of the Authority.

There was one instance, when an assistant of Mr. Raab was at a Selectmen's meeting, and some of the Housing Authority members were at the same meeting.

The gentleman who was insulted was Howard Kalish, of Stop & Shop. The gentleman who did the insulting was William Agreeable Smith, of the WHA. It was, in our estimation at the time, a sad event. Had we been the Chairman of the Board of Selectmen we would have stopped the foolish procedure. We were not, of course. Mr. Kidder was.

THE COST OF THE HOUSING FOR THE ELDERLY

One point that was brought out in the Town Meeting has long been too quiet, in our estimation, but it has been something about which the average individual could not talk, because the grounds have been too delicate.

We are referring to Mr. Kidder's inference that the WHA wasted money at the project on Deming Way.

We are by no means to be construed as championing the cause of the WHA, but if anybody is off base it is Mr. Kidder.

We have long felt that something was being said, but it was not said. To say so, however, is a bit of a project was because of the law.

There was a Mr. Meagher, superintendent of construction for one of the firms, also being mentioned.

Mr. Kidder used Mr. Buckley's report. He took a few phrases, and made the Housing Authority look foolish. He omitted other phrases which, we think, point to the direction in which an investigation should be made.

We are reproducing in its entirety the portion of Mr. Buckley's report that Mr. Kidder used, underlining the last sentence, which we think is the key to the matter, and which Mr. Kidder did not use.

Project 667-1:

1. Contract for Financial Assistance: The original Contract for Financial Assistance between the Authority and the Commonwealth of Massachusetts, acting through the State Housing Board was dated November 19, 1957 in the amount of \$400,000.00. Subsequent amendments dated October 7, 1958, April 30, 1959 and November 4, 1959, increased this amount to \$500,000.00, \$550,000.00 and \$575,000.00 respectively. On March 11, 1960 subsequent to this audit period, \$25,001.00, including \$1.00 premium, was received through the sale of the fifth series of notes, making the total notes outstanding \$575,000.00 as of this date.

2. Development Cost: As of February 27, 1960, contract, development costs totaled \$560,794.88. This will be in addition, over contract of \$7,294.36, together with the amount paid through its annual notes. However, a credit from the Commonwealth of \$10.35 for this Recreation Operating Period will be applied to the Management Status. The cost of this recreation building is \$1,400.00 per unit.

3. Contract for Development Cost per unit of tract of \$416 As increased \$1,400.00 per unit. totaling \$1,400.00 per unit. It is not conceivable that the Legislature, when it increased the allowance on Housing for the Elderly, had intended that extravaganzas would be incurred.

It is further understood that construction of this facility was forced upon this Authority by the State Housing Board.

ALL CANDIDATES MUST FILE

The game of 'Who's Who' among candidates will close at 5 pm Saturday, by which time all who wish to run for political office in Wilmington must have filed Nomination Papers with the Board of Registrars.

COMMONWEALTH OF MASSACHUSETTS PROBATE COURT

Middlesex, ss.
To all persons interested in the estate of WILFRED M. BABINE, late of Wilmington in said County, deceased.

A petition has been presented to said Court for probate of a certain instrument purporting to be the last will of said deceased by HELEN V. BABINE, of Wilmington in the County of Middlesex praying that she be appointed executrix thereof without giving a surety on her bond.

If you desire to object thereto you or your attorney should file a written appearance in said Court at Cambridge before ten o'clock in the forenoon on the seventh day of February 1962, the return day of this citation.

Witness, John C. Leggat, Esquire, First Judge of said Court, this ninth day of January 1962.

John V. Harvey, Register.
1/18, 25-2/1

Open for nomination and election this year are: Moderator, (One Year); Two Selectmen, (three Years); Two members of the School Committee (Three Years) and one member of the Housing Authority (Five Years). There are four contestants as of Wednesday, for the Board of Selectmen, the two incumbents, Mrs. Wavie Drew and John Brooks, and Rene LaRivee of Concord Street, and Charles R. Greene of Shady Lane Drive.

Moderator Simon Cutter is so far unopposed for Moderator. For School Committee there are eight candidates, the two incumbents, Eddie Page and Bob Hastings, plus Mrs. Flora M. Kasabuski, Mrs. Nancy Clarke, Jerry Paglia, Glen Connolly, George Lingenfelter and Arthur Brewster.

James P. Donahue of Cypress St. the mystery candidate to date, clarified his position Tuesday and declared that he was a candidate for re-election to the Wilmington Housing Authority.

Donahue's Statement

On June 27 the Wilmington Housing Authority held a hearing on certain claims by the

Roberto Construction Company relative to the construction of the Housing for the Elderly project in Wilmington. The amount involved was \$18,000.

A review of these claims was held by the State Housing Board on Oct. 24.

I have been waiting for a decision on the part of the State Housing Board. If such a decision had been made I would not have been a candidate for re-election.

In view of the fact that the State Housing Board has taken no action I feel that it is only fair to the people of Wilmington, and to the tax payers of Massachusetts that I again offer myself as a candidate for the Wilmington Housing Authority. I want to leave no unsettled questions behind me.

Filing Requirements

All candidates must have filed their nomination papers with the Board of Registrars before 5 pm Saturday.

AT FIRST BAPTIST CHURCH**

Rev. and Mrs. Frank Harpell, of Boston, Mass. will be speaking at the First Baptist Church in Wilmington from Sunday, Jan. 28th to Sunday, Feb. 11th.

Mr. Harpell is a native of Halifax, Nova Scotia, where he lived until his conversion

their regular course work in May, 1943.

Mrs. Harpell is a Halifax girl who was led to the Lord soon after her husband. All through the years she has nobly responded to her husband's efforts in the evangelistic field. She assists in the services as vocal soloist and song leader. Mrs. Harpell is well qualified to give good leadership in children's services.

The services on Sunday will be at 11 a.m. and at 7 p.m., on week-days at 7:30 p.m. The public is most cordially invited to hear these gifted evangelists. There is good parking space at the church on Route 62 in Wilmington.
